

Shelf Angled Triple

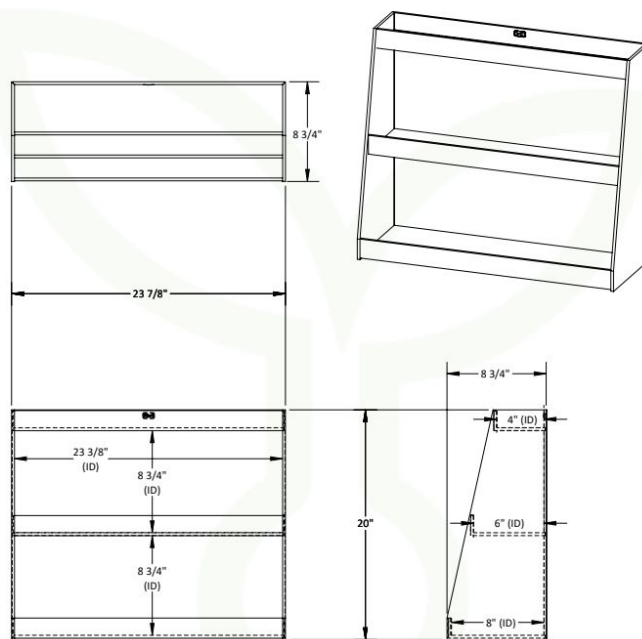

Part No. 50179

The TrippNT Angled Triple Safety Shelf is the smart, durable storage solution lab managers rely on to keep essential supplies visible, organized, and safely within reach. Featuring three angled shelves—one each at four, six, and eight inches deep—this design provides tiered storage for a wide range of items, from reagents and instruments to bottles and tools. The built-in 1½-inch safety lip prevents roll-offs, while the durable white PVC construction stands up to daily lab use and regular cleaning.

23 7/8 x 20 x 8 3/4 inches WHD

Features:

- 1½-inch front lip secures items and prevents accidental spills or falls.
- Rigid PVC resists chemicals, scratches, and moisture.
- Work stress-free, knowing your product is covered for life.*
