

Suture Wall Cubby

Part No. 50490

Every nurse wants a clean, organized space where supplies are easy to find. But crowded drawers and mismatched suture boxes can slow down procedures and cause frustration during critical moments. The Suture Cubby brings order to the chaos clearly displaying every suture at a glance. With its flexible, durable design and easy labeling system, you can restock faster, prep confidently, and focus on patient care instead of searching for supplies.
