

Element 03 Cart

51498

Slim design, full control

The Element 03 Cart combines space-saving design with secure, visible storage to keep labs organized and efficient. Its durable HDPE and aluminum build resists corrosion and chemicals, while smooth casters and built-in handles ensure easy mobility. With modular mounting tracks and a lifetime guarantee, it's a smart, long-term solution for high-performance lab environments.

SPACE-OPTIMIZED FOOTPRINT

- Slim width means the cart fits where typical bulky workstations can't, maximizing lab floor utility.

CORROSION-RESISTANT HYBRID CONSTRUCTION

- ACP + HDPE shell resists rust, chipping, and chemical exposure—preserving appearance and function over years.

LIFETIME GUARANTEE

- Work stress-free, knowing your cart is covered for life.

FULL-EXTENSION LOCKING DRAWERS

- Three drawers slide fully open and lock—so reagents and tools are accessible with little effort

Built In Handles With Incorporated Drip Channel

- Cleanable one piece top has integrated handle and grooved channel to prevent liquids from reaching the floor

BULK STORAGE BEHIND CLEAR HINGED DOOR

- Store larger items securely and visually with the lockable bulk storage compartment

5" Total Lock Stability

- Locking 5" casters provide quite secure mobility that handle thresholds and building transitions with ease
