

MRI Core SP Cart

51726

MRI-SAFE STORAGE. PURPOSE-BUILT FOR IMAGING SUITES.

In MRI environments, calm and efficiency are essential. The MRI Core SP supports daily workflow and peace of mind by giving staff a safe, reliable place to store supplies without disruption. It's quiet drawers and non-magnetic construction help maintain a focused, comfortable atmosphere for patients and clinicians alike.

SLIM WITH PURPOSE

- Slim design maximizes space in a small footprint. Comes with three drawers and a bulk storage area with sliding door.

PREMIUM NON-METAL DRAWER SLIDES

- Durable HDPE slide system with detents offers smooth function without a trace of metal.

MR CONDITIONAL CONSTRUCTION

- Uses minimal metal—only stainless fasteners and aluminum composite drawers.

CLEANABLE & CORROSION-RESISTANT

- Smooth HDPE and ACP surfaces are clinically ready, resisting damage and withstanding harsh disinfectants.

LIFETIME GUARANTEE

- Work stress-free, knowing your cart is covered for life.

Non-Metal Slides

- Extend 75% and close smoothly with a durable plastic detent.

Built-In Control Handles

- Integrated handles for smooth, safe movement.

Bulk Storage

- Clear door secures bulk storage.
