

MRI Core Extra Wide

51731

MRI-CONDITIONAL STORAGE. PURPOSE-BUILT FOR IMAGING SUITES.

In MRI environments, calm and efficiency are essential. The MRI Core Extra Wide supports daily workflow and peace of mind by giving staff a safe, reliable place to store supplies without disruption. It's quiet drawers and non-magnetic construction help maintain a focused, comfortable atmosphere for patients and clinicians alike.

LARGE CAPACITY & WORK SURFACE

- The extra wide design accommodates bulky MR supplies and equipment.

PREMIUM NON-METAL DRAWER SLIDES

- Durable HDPE slide system with detents offers smooth function without a trace of metal.

MR CONDITIONAL CONSTRUCTION

- Built with minimal metal—only stainless fasteners and aluminum composite drawers.

CLEANABLE & CORROSION-RESISTANT

- Smooth HDPE and ACP surfaces are clinically ready, resisting damage and withstanding harsh disinfectants.

LIFETIME GUARANTEE

- Work stress-free, knowing your cart is covered for life.

Non-Metal Slides

- Extend 75% and close smoothly with a durable plastic detent.

Large Work Surface

- Integrated handles for smooth, safe movement.

Bulk Storage

- Clear door secures bulk storage.
