

# Valor Crash Cart

## 53503

### Full-scale response. Zero hesitation. Lifetime warranty

In critical moments, the right crash cart doesn't just perform—it projects confidence. The Valor Crash Cart is built from HDPE, a non-metal material that won't rust, chip, corrode, or discolor—so it maintains a pristine, professional appearance for years, even under heavy use and harsh disinfectants. Its clean lines, organized layout, and integrated emergency tools signal readiness at a glance, helping teams act fast without hesitation. And with the only lifetime warranty in the industry, it's a long-term investment in both performance and reputation—designed to keep hospitals looking sharp and running smoothly, shift after shift.

#### HDPE Construction

- Won't rust, dent, chip, or corrode, maintaining a clean, professional appearance for years.

#### Integrated Emergency Accessories

- Includes sharps container, oxygen tank holder, IV pole, and cardiac board—no need for add-ons

#### Lifetime Warranty

- The only crash cart backed by a lifetime warranty
