

Valor Crash Mini

53598

Big performance. Half the size. Built for speed when space is tight.

Designed to deliver full crash-cart functionality in half the footprint, it fits effortlessly into crowded hallways, tight patient rooms, and packed ERs. With five locking drawers, essential emergency accessories, and smooth-glide casters, it's fully equipped to respond fast—without wasting space or budget. Durable, disinfectant-ready HDPE construction and built-in handles make it a lightweight powerhouse that moves easily, stays clean, and delivers under pressure.

Space Saving Design

- Slim profile and compact footprint fit into tight clinical spaces

Full Crash Cart Capability

- Includes essential features like a sharps container, cardiac board, oxygen tank holder

Cost-Effective Performance

- Delivers full crash-cart functionality at half the cost and footprint of traditional models.
