MOBILE SUTURE STORAGE FOR FAST ACCESS AT THE POINT-OF-USE

The Tall Narrow Suture Cart is designed for fast, reliable access to backup sutures inside or outside the OR. Slanted shelves keep boxes securely in place during transport—so supplies stay organized and accessible, even on the move. A clear, lockable door protects inventory while allowing full visibility. Built for tight spaces, this durable cart helps clinical teams respond quickly, restock efficiently, and stay focused on delivering seamless surgical care.

SECURE SUTURE STORAGE
- Holds up to 48 standard suture boxes across 8 angled shelves.
- Slanted design keeps supplies in place during transport.

COMPACT & EFFICIENT DESIGN
- Slim footprint fits in tight storage areas and crowded hallways.
- Optimized height for visibility and access—no bending, no overreaching.

CLEANABLE & CLINICALLY READY
- Hospital-grade HDPE and ACP surfaces resist damage and clean easily.
- Safe for use with bleach, sani-wipes, or standard disinfectants.

LIFETIME GUARANTEE
- Work stress-free, knowing your cart is covered for life.
